## LOCAL MATTERS.

JOB WORK .- We have now completed our office so as to execute, in the shortest possible time ALL KINDS OF JOB WORK, and we most respectfully ask the patronage of our friends.

#### Post Office Notice.

POST OFFICE, CHARLESTON, S. C., July 6, 1867. After to-day the mails for Northeastern Railroad will close at 8 o'clock A.M., and to-day and afterwards they are expected to reach the Railroad "Station" at 2:30 o'clock P.M., and to be ready for delivery at this office at 3:30 o'clock P.M., except on Sunday, when the hour will be from 6 P.M. to 7 P.M., until further notice. STANLEY G. TROTT, P. M.

POSTOFFICE NOTICE .- An evening mail for Augus-

ta and Savannab, and for distribution beyond those offices, will close daily at the Postoffice at half-past 6 o'clock.

GEORGIA STATE LOTTERY .- The next drawing takes place at Atlanta on Wednesday, August 21st. Sale of tickets closes on Tuesday next at their Agency, No. 20 Broad street. Call at once and secure a fortune.

DEATH OF AN ESTIMABLE CITIZEN.-Mr. B. McCall, a prominent broker of Broad street, was struck with paralysis a few days since, and, after lingering a short time, expired at 10 A. M. yesterday. He was well known in commercial circles as a man of worth and integrity, and his loss will be severe ly felt by his circle of friends and acquaintances

IMPROVEMENT IN THE CHANNEL OF THE SAVANNAH RIVER .- The Republican says : " The steamship Cleopatra went over the obstructions yesterday afternoon, drawing sixteen feet. This fact is so suggestive in its practical importance that we chronicle it with peculiar pleasure, in view of the rapid progress which has been made in deepening the channel.

HARD TO BEAT .- The Phaniz says: "The Pal metto Fire Engine has been thoroughly overhauled, and a night or two ago the members took her out for a trial. With the brakes not quite full of men, water was thrown 1904 feet, on a dead level. Pretty good, that. Their handsome engine house is tenable, although not entirely finished, and the company is now in condition to battle successfully with the flames.

REPORT OF THE CITY ENGINEER.-We direct attention to the able report of Mr. L. J. BARBOT the City Engineer, which appears in the published proceedings of City Council, and to which we shall revert more fully on a future occasion. His suggestions concerning the drains and the measnres proposed to confine the effluvia are worthy o consideration; also, his plan of utilizing the mud taken from the docks. The lateness of the hour prevents an extended notice of these points, but we refer our readers to the report, where the sub-lect is discussed in extenso.

THE HUNGARIAN GRASS SEED .- We are requested by the agent, Mr. WM. THAYER, to state that the supply of Hungarian grass seed received by him from the Agricultural Department was exhausted on the first day of distribution. This seed is strongly recommended by all who have used it as failing success in thousands of cases. It softens the a superior article, and considerable anxiety was expressed by parties residing at a distance to obtain a supply. Numerous letters have been addressed to Mr. THAYER on this subject, and we take the present opportunity to inform the applicants of their mischance, trusting that another consignment will be received at an early day.

THE MISSES SEDGEWICK'S BOARDING AND DAY SCHOOL OF AUGUSTA. -To the citizens of Augusta this school is well known, and the patronage be stowed upon it proves their appreciation of it. The central position of Augusta presents very superior advantages as a place wherein to establish a school. The house is large and girv; the rooms commodious and well ventilated; and attached is a large ornamental garden, presenting a desirable place for pleasant and healthful exercise. Parents or guardians who desire to find a healthy and pleasantly located school, are referred to the establishment of the Misses Sedgewick at Augusta.

NATURALIZED CITIZENS.—We understand that objections were raised vesterday at one of the precints to the right of a naturalized citizen to register, because, it was alleged, he had served in the Confederate army as a substitute. The citizen was permitted to register, not without the protest, however, on the part of the Board, that his case would be subject to revision. We have failed to appreciate the objection of the Board. There is system with HOSTETTER'S STOMACH BITTERS—the nothing whatever in any of the Acts of Reconstruction, nor in Orders No. 65, as far as we know, to warrant the suspicion even of any one being disfranchised because not a native-born citizen, or because of having served in the Confederate army

COLORED BASE BALLERS .- Under this caption the Augusta Constitutionalist gives the following

A deputation of the colored Amateur Base Ball Club of Atlanta was in our city yesterday, gorgeously arrayed in red pantaloons, with sundry spangles, etc. They betook themselves to the Parade Ground, where they indulged in the sports of the game to the infinite amusement of the colored woman and children who had assembled there for the purpose of witnessing the contest. It is known, perhaps, to but few persous that we

have a similar organization in this city, and, though they have not the advantage of the gorgeons array, they are as good ballists as those of our sister city. Their deeds are not chronicled, but those who are curious may, any fine afternoon, see their play at the Citadel Green or in the burnt District in the southwestern portion of the city.

THE RIOT AND THE TORCHLIGHT PROCESSION. The parties implicated in the late disturbance were tried before the Mayor's Court, and upon the undoubted testimony of several colored witnesses JOSIAH HEYWARD was clearly convicted of having fired the pistol which created the row. It appeared that HEYWARD and a colored man named Randall Carter were in Smith's Lane, disputing about a woman, and HEYWARD, becoming excited, drew a pistol, and fired it at his opponent. The head of the procession was opposite the Lane, in King street, at this time, and asking where the shot was red, was told from the building occupied by Mr. G. AHRENS as a grocery store. This statement was denied by those who had seen the pistol fired, and Heyward was at once arrested, but the mob were excited, and they commenced brickbatting the house, breaking the glasses and damaging the interior. The proprietor, Mr. Ahrens, was seized and beaten severely over the head and shoulders, and stabbed in the back, and would probably have been killed but for the interposition of some negroes, who protected him. Mr. Gurgen, his clerk, escaped any serious injury, GUTGEN, his clerk, escaped any serious injury, though he was menaced by the crowd. Dr. E. H. Kellers was called in and dressed Mr. Ahrens'

At the trial, it was shown that Francis Davis, colored, was the principal ringleader, and he was fined \$5, the others being discharged, with the exotion of Heyward, who was sent to the Provost

Marshal, but soon released. The police, under Lieutenant CAMPBELL, were promptly at the scene and succeeded in quelling the disturbance and arresting the ringleaders. In this they were aided by several of the negroes who deprecated the action of the mob. Mr. AHRENS' store was considerably damaged and his stock injured to some extent by the rioters. His wounds, though severe contusions, are not serious, and he was able to appear at the Court and testify concerning the disturbance.

FAILURE OF THE NORTHERN MAILS .- Owing to the damage done on the railroads by the laterains we had no mails yesterday north of Wilmington.

REGISTRATION IN COLUMBIA.-The process registration commenced yesterday in Columbia. Everything passed off quietly. The whole number of voters registered was 107-whites 47; colored,

REGISTRATION IN THE CITY.-The task of registering was continued yesterday, but the average was not as large as the day before, principally on account of the heat, but the rush is evidently over and the remaining days set apart for this purpose will be passed more pleasantly to the registrars. The crowd around each precinct, with the exception of the second was as dense as on former occasion and the same interest was manifested. At the second precinct, the whites were in the majority and the poll was almost deserted at certain hours, yet notwithstanding this inattention, the whole number registered was not much less than at other precincts. The following is the result of the day and the aggregate of the five days.

HORSE POWERS. LITTLE GIANT HORSE POWER. THE LITTLE GIANT, THE BEST, MOST COMPLETE AND CHEATEST

HORSE POWER MANUFACTURED In introducing this new Power into the market, we would state that the following are some of the advantages possessed by the "LITTLE GIANT" over all other Horse powers: Horse powers:

1. Its great strength on account of being double-geared, which not only doubles the strength by dividing the strain on twice the number of teeth, but by gearing on south sides of the wheels it equalizes the wear on the shafts, and materially lessens the friction, enabling the horses to do much more work than with any other

Power.

2. Its compactness and extreme portability, it weighing about one-half as much as other Horse Powers, and occupying but one-third the space, it can be packed in small boxes, thus saving much expense. It is so simple that the most ignorant person would have no difficulty in putting it together.

3. The facility with which it can be adjusted to any kind of machin-ry at any angle, either on the ground or over head, without moving it from its foundation, will be appreciated by f-rmers and planters as specially adapted for driving Cotton Gius.

I have always recommended the Faber Polygrade

These pencils are very finely graded and have a very smooth lead; even the softest pencils hold the point well; they are all that can be desired in a pencil.
